

B. ECCOMAS EVENTS

ECCOMAS has a very clear conference structure. The ECCOMAS Congress alternating with the large Conferences ECCM/ECFD take place in even years. The Thematic Conferences are organized in odd years, so does also the Young Investigator Conference. The Olympiad as yearly event is either joined with the Young Investigator Conference or takes place in connection with Congress or large Conferences. The special interest conferences are not restricted to special years.

ECCOMAS Conferences				
	Congress	Conferences ECCM & ECFD	Thematic Conferences	Young Investigator C.
2016	Crete, Greece * 5-10 June 2016			
2017			35 Conferences	Milan, Italy * 13-15 Sept 2017
2018		Glasgow, UK ** 11-15 June 2018		
2019			X Conferences	X *
2020	Paris, France §* 19-24 July 2020			
2021			X	X *
2022		X & X *		

§ joint with WCCM # joint ECCM & ECFD 25th Anniversary of ECCOMAS * & Olympiad

ECCOMAS Advanced Courses, School or Workshops can be organized at any time.

B1. ECCOMAS Congresses and Conferences

The ECCOMAS Conference on Computational Solid and Structural Mechanics (ECCM) and the ECCOMAS Conference on Computational Fluid Dynamics (ECFD), together with the ECCOMAS Congress, constitute the three main scientific events of ECCOMAS organized every four years, on even years, which attract approximately 5,000 participants in total.
